WELCOME
TO THE ACRES

STEP INSIDE THE OUTDOORS

Welcome to The Acres, a community of standalone villas featuring impeccable surroundings enveloped by nature. Graced with serene gardens and azure lagoons, this exclusive neighbourhood harmonises with the undulating terrain, creating a space that's connected by meandering pathways to every corner of this ever-flourishing environment.

Discover The Acres, where every step inside brings you closer to the outdoors.

LOCATION

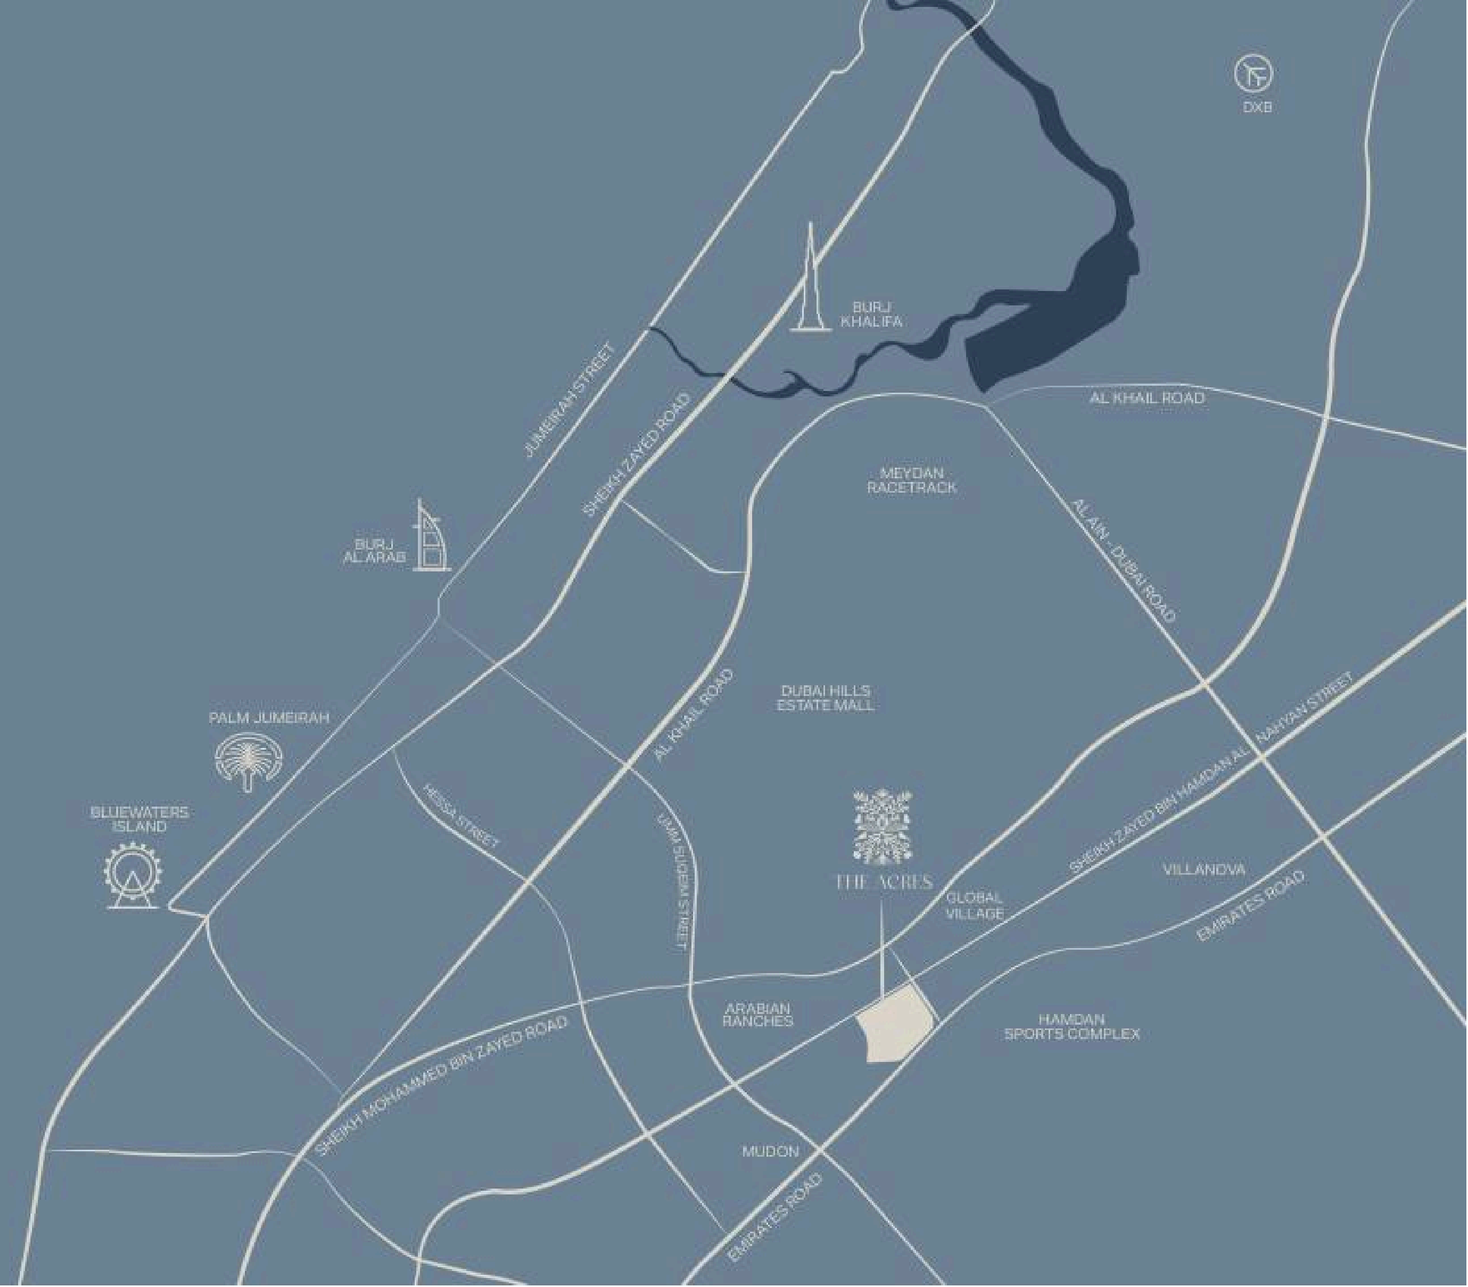

IN THE MIDST OF NATURE

Discover a community unlike any other in Dubai. A prestigious location where modern luxury and the splendour of nature converge.

Centrally located within the Dubailand area with a very well-connected road network, the community has direct access to the city's Sheikh Zayed Bin Hamdan Al Nahyan Street and Emirates Road. The Acres enjoys a prime position surrounded by a number of fully developed neighbourhoods in its direct vicinity.

Just a 10-minute drive from the bustling Global Village and a mere 5 minutes from the esteemed Dubai Polo and Equestrian Club, and the Hamdan Sports Complex, The Acres is perfectly situated within an established area.

With a location so pivotal, The Acres promises more than just a home - it offers a hub of unparalleled convenience, where every journey around the city begins with ease, and every return is to a peaceful community embraced by nature.

MASTER PLAN

NATURE'S BLUEPRINT

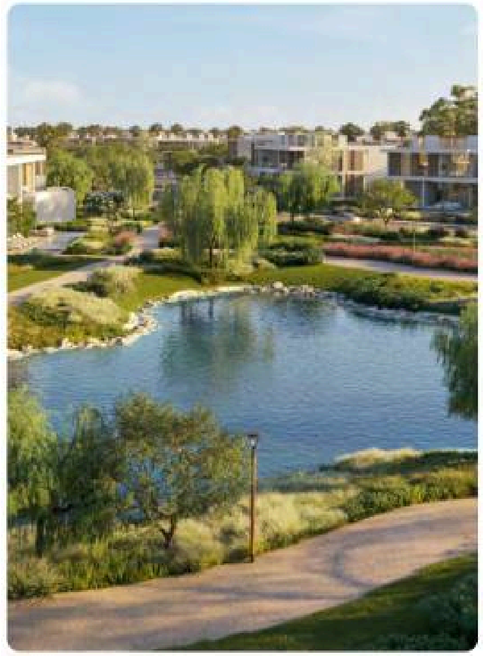

Explore a world where bespoke villas find their home amongst flourishing surroundings, with lush parks that are conveniently located just a minute's stroll away, inviting you to effortlessly immerse yourself in the beauty of nature.

Nestled within the heart of this vibrant community are inviting swimmable lagoons, embraced by the serene beauty of a natural landscape. The Halo Loop Park that surrounds them seamlessly connects neighbourhoods, crafting a safe, people-centric environment with an abundance of open, green spaces. Thoughtfully designed natural park features create a distinctive setting that strengthens the bonds between homes, communities, and amenities, making this a neighbourhood unlike any other in Dubai.

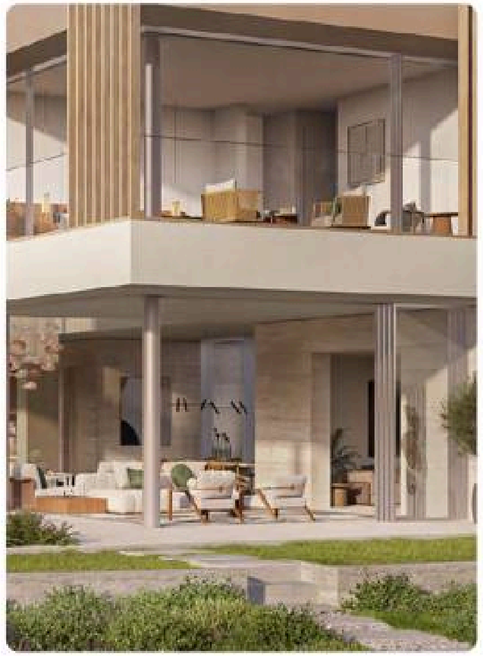

Meraas has successfully attained LEED Gold pre-certification for Planning and Design at The Acres, reflecting its unwavering commitment to sustainability and environmentally friendly practices.

LEED for Cities and Communities, the world's leading sustainability certification system, sets the benchmark for eco-friendly practices that prioritise energy efficiency, water conservation, and environmental stewardship.

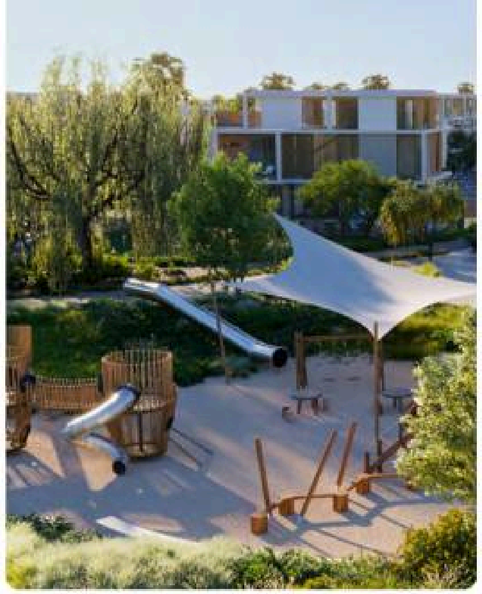

SAVING WATER

The Acres is dedicated to saving water, using 33% less than the UAE average. 100% of irrigation demand is covered by treated wastewater. Moreover, the project has water saving fixtures, efficient irrigation systems and low-water plants ensuring high standards.

PROTECTING THE ENVIRONMENT

Environmental protection is a core commitment achieving an 80% reduction in greenhouse gas emissions per capita compared to the national average. The community sets a new standard for sustainability through well-insulated buildings, smart controls, high-efficiency systems and lighting.

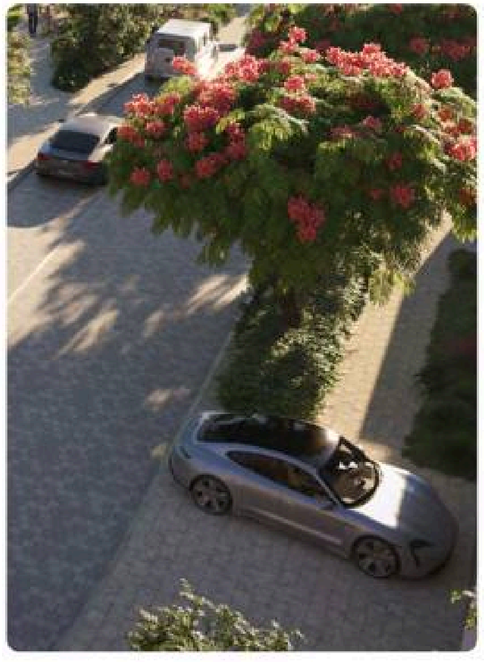

CONNECTING THE COMMUNITY

The community boasts a strong social infrastructure with the Halo Loop Park offering leisure activities for everyone. Residents enjoy close access to a nursery, school, clinic, mosques, clubhouses, retail area as well as over 2,000 square metres of the Edible Garden. For an active lifestyle, there's a trail network, an outdoor gym, kids' playgrounds, swimming pools and sports areas.

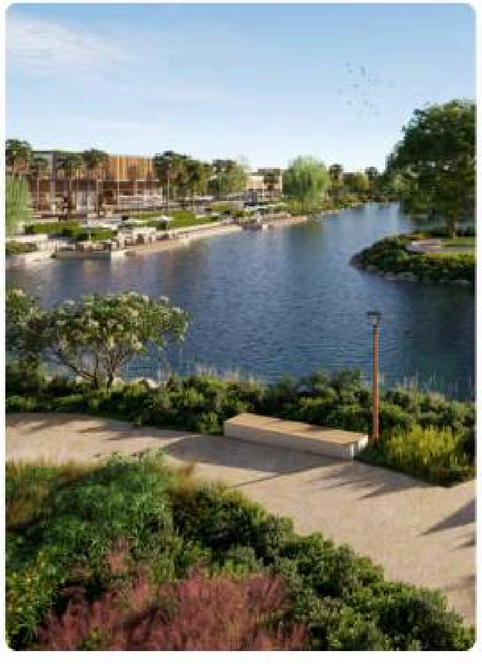

ENCOURAGING MOVEMENT

Walking and cycling are made easy with nearly a third of the community's roads designated for pedestrians and cyclists. There is also a continuous network of paths for walking and biking. Wellness is further promoted through monitoring outdoor air quality and providing plenty of natural shade.

ADOPTING SMART SOLUTIONS

The Acres is set for the future with all stormwater managed on-site using eco-friendly drainage systems which also goes for the lagoons. All clusters have several electrical vehicle fast chargers, which are also provided in public parking areas. The community uses smart technology for transportation and energy, and has plans to handle potential risks.

ENHANCING WELLNESS

Community wellbeing is a priority with 28% of the area set aside as open space. Residents benefit from over 2.5 times the usual amount of green space per person. Plus, every villa is just a 3-minute walk from a park, making it easy for everyone to enjoy outdoor spaces.
